

RAWHIDE RAILWAY SOON COMPLETED

Grading Nearly Finished, and
Money for Construction
is on Deposit

Charles W. Reed, of Rawhide, states that the grading of the railway into Rawhide will be completed about October 15, and that the work of laying rails will be commenced as soon as the grade is completed. It is believed that twenty-five miles of railroad from Schurz to Rawhide will be in operation by Christmas.

In this connection, word has been received at Rawhide, from Reno, to the effect that money for the completion of the building of the Rawhide Western railway had been raised and was on deposit in New York. The initial amount given out as being ready to commence the work is said to be \$750,000. This we are told has been secured through bonding the roadbed and will be ready for immediate use in laying the rails as soon as some few technical and legal

requirements are perfected. This proving to be the case, no better piece of news could be heralded in Rawhide, as the detrimental effect of inadequate transportation facilities for the great gold camp is the prime cause to retard its rapid and wonderful development.

The building of the railroad will mean cheap and rapid transit for the thousands of tons of milling grade ores in which Rawhide abounds, and it will be instrumental in providing large and properly constructed reduction plants at Walker lake and on the flats below town for the economical treatment of the products of the mines.

The great progress of the camp will follow the building of large mills for handling the ores, and as soon as this is done Rawhide's growth will be more marked than ever.

Location notices in triplicate—handiest affair for prospectors and miners—contains carbon—150 notices in book. For sale at the Bonanza office.

RICH ORE IN THE COALITION NOW

RAWHIDE, Oct. 5.—The big sensation of the week has been the remarkable developments in the Grutt Mining company's lease on block 9 of the Wild West claim of the Coalition estate, situated high up on the south slope of Grutt hill. Four days ago the miners encountered a shoot of rich sulphide ore in the face of the south drift on the forty-foot level, assays from which ran between \$600 and \$700 a ton, the values being principally in silver. Since the strike was made the drift has been extended about four feet farther to the south, and this morning the rich shoot had widened to two feet, while the remainder of the face carries ore of good milling grade.

A sample taken yesterday by the Coalition Mines company's assayer across eighteen inches of the rich streak gave assay returns of \$272 gold and \$416 silver, or a total of \$688 a ton. The ore is a strong sulphide resembling the ores of Tonopah and carrying about the same proportion of gold and silver. The entire breast of ore is broken down and run over the grizzly, the fine assaying about \$125 a ton, while the oversize runs close to \$100 a ton. By sorting, one ton of shipping ore is secured from about five tons of the oversize, the sorted material giving sacked samples of about \$400 a ton. The ore sorters are sacking about three tons a day, and a thirty-ton shipment will be ready to send out early next week. Work will be resumed next Monday in the main shaft, which is situated about 100 feet up the hill from the point where the big discovery was made, and a drift will be run on the 200 level to open up the rich ore shoot at that depth.

ANOTHER FIGHT AT THE BIG CASINO

The management of the Big Casino is preparing to pull off a match next Monday night between Young Burke of Reno and Sid Humphreys of Los Angeles. Despite the decision that Humphreys received over Burke Tuesday night, there are a great many who believe that Burke will prove the winner with a little training, and consequently both men will start training this afternoon at the Casino. Burke will train from 3 to 4 o'clock and Humphreys will do likewise from 4 until 5 o'clock. The match promises to be one of the best that has been pulled off in that popular resort.

TODAY'S GAME IS DECISIVE

(By Associated Press.)
BOSTON, Oct. 7.—The baseball season here closed today with a double-header between Boston and Philadelphia, the home team winning the first game by timely hitting and daring base running, and the visitors taking the second by bunching hits in the last two innings.

NEW YORK, Oct. 7.—With the Chicago baseball team speeding to New York and the local team rejuvenated by relief from the haunting fear of the past three days that some mischance might lose them one of the Boston series and lead to possibly a triple tie, and with a deluge of telegraphic and telephonic requests for reservations pouring into headquarters it is clear that the stage is being fittingly set for what will undoubtedly be the most dramatic baseball event in the history of the game.

The National league pennant has been fought for as probably never before, and belongs to tomorrow's winner. The only feature of today's game, which New York won handsily by a score of 7 to 2, was left fielder McCormick's remarkable catch of a long fly for which he had to reach far over the bleacher fence.

THAT TIE GAME TO BE PLAYED OFF

GAME BETWEEN MILLERS AND
TONOPAHS TO BE PLAYED
OFF SUNDAY.

The officials of the Southern Nevada baseball league and the managers of the teams composing the league met yesterday and decided that the tie game which the Millers and Tonopah Mining teams played several Sundays ago be forfeited to the Tonopah Mining team. This places the Millers and Montana Tonopah teams in a tie position and the game, which will be the last one of the season, will be played off here this coming Sunday at 2 o'clock. Both Kelly and Grier will umpire and the contest should be the best yet witnessed, as the winning team secures the pennant offered at the beginning of the season.

Captain Hunter of the Montanas stated last evening that his organization had been practicing steadily and would continue to do so until the game was decided, as it was their intention to keep the flag in Tonopah.

The Millers boys are working hard and with the recovery of their shortstop, who has been ill with an attack of appendicitis, have an almost invincible team.

REGISTRATION CLOSING NEXT
FRIDAY NIGHT, OCTOBER 9, AT 6
O'CLOCK.

Football, basketball, sporting goods of all kinds at Rotholz Bros. Nothing but Spalding goods carried. A full line of sporting goods of all kinds. Call and see them. 10-7-tf
